How to create a USA Ultimate account

1. Go to https://play.usaultimate.org/members/.

2. Click the red button that says “Join USA Ultimate.”

3. When prompted, fill in the birth date of the person who will be participating in DD/MM/YYYY form. If the person is under 13, you'll have to verify that you are a legal guardian who will be managing the account, as federal laws prohibit websites from interacting directly with children under age 13. Then click the Submit Birth Date button.

4. Fill in the required account information. Usernames must be unique in the system, so be prepared to try a few different ones, if your first choice is already taken. The password must be at least 6 alphanumeric characters. When finished, click the Next> button.

If you have any questions please contact USA Ultimate at info@usaultimate.org or 719-219-8322.

5 Fill in the required personal information (denoted by the > symbol beside the entry field). This includes address, phone number, birth date, and high school graduation date (which can be estimated to be 6/1 of whatever year past or future that is expected). Note that the “Is Over Thirteen?” field is not actually user-editable but will auto-update after you create the account, so don’t worry about whatever is selected there (as long as the birthdate is correct). Optionally, upload a photo of the account holder to be used in the online profile areas. When finished, click the Next> button.

6 If desired, fill in optional demographic information so that USA Ultimate can better understand the types of diversity they are serving. There are several key task forces and working groups within the non-profit USA Ultimate organization that focus on increasing and improving diversity service. When finished, click the Next> button.
