How to Label Forfeits & Other irregular situations

- W/F = One team chooses to forfeit a game, the other desires to play
- W/L = No score is reported. However, this is a last resort, always collect a score
- Cancelled = Both teams forfeit or the game was not played for any reason

Other: Teams cannot simply assign a score to a game. Teams must play to the score or cap assigned by the TD or have the approval of a TD to play to a lesser score. Games with scores that appear unusual, (i.e., 3-1) will prompt follow up from HQ.

How to label a Game Status

- Scheduled = Game to be played.
- In Progress = Game is currently being played, and can be updated real time
- Final = Game has been played, and score is determined. **ALL GAMES MUST BE LABELED AS FINAL FOR POOL RESULTS TO BE POPULATED AND TEAMS TO ADVANCE IN THE BRACKET.**
- Cancelled = See above.

*To change the status click on scheduled for each game and choose from the drop down menu
